Call school nurse. Call parent/guardian if off school grounds

Epinephrine ordered: Yes No Special instructions: _____

IF INGESTION OR SUSPECTED INGESTION OF ALLERGEN OCCURS, SYMPTOMS ARE PRE SENT AND EPINEPHRINE IS ORDERED, GIVE EPINEPHRINE IMMEDIATELY AND CALL 911.

Epinephrine provides a 20 minute response window. After epinephrine, a student may feel dizzy or have an increased heart rate. This is a normal response. Students receiving epinephrine should be transported to the hospital by staff. A staff member should accompany the student to the emergency room if the parent, guardian or emergency contact is not present and adequate supervision for other students is present.
