

2020 CENSUS

RESPOND BY SEPTEMBER 10TH

THE 2020 CENSUS MATTERS

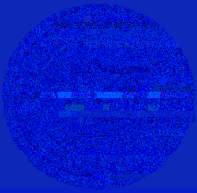

For Our Schools. For Our Children. For Our Communities.

Every ten years, the U.S. government conducts the Census, which asks 10 simple questions of every household across the country. This information is used to decide where and how to spend billions of federal funding dollars and also decides how many representatives each state has in Congress. The money is used for:

Funding school districts • Children's nutritional programs • Infrastructure projects
Headstart • Health Insurance programs • Public benefit programs • And so much more

If your child is not counted in the 2020 Census it will negatively impact ten years of funding for their schools, public health insurance, recreation programs, and more.

The 2020 Census is HAPPENING NOW, RESPOND TODAY!

YOUR RESPONSES TO THE CENSUS ARE SAFE, SECURE AND CONFIDENTIAL. BY FEDERAL LAW, YOUR RESPONSES CAN NEVER BE GIVEN TO ANY OTHER GOVERNMENTAL AGENCY.

IT'S EASY TO COMPLETE THE 2020 CENSUS.
