

Dear Families,

We are excited to announce that we will be starting the Family Connect Night program this September! Our School Improvement Team and faculty realize that very often our busy lives prevent us from being able to cherish what is important. We believe that family unity is crucial to the foundation of Hill Elementary School. Quality family time is essential to keeping families close and reinforcing the relationship benefit the well-being of both parents and children. To encourage and support this important goal, we plan to dedicate one day every month to "Family Connect Night". We understand that there are no specific weekly schedules, so we will try to rotate the day. Academic homework will be minimized to student on the evening. We will spend time together with preferred activity. (Included activities.) Please mark the date on your calendar for "Family Connect Night"!

To build lasting memories.

And r. Smith
